

Investing In A Secure Retirement Through
A Profitable eCommerce Business

Digital marketing training company Crucial Constructs has launched Online Marketing Classroom, a work from home eCommerce marketing training program.

If you're looking to retain your financial independence and enjoy a secure retirement, Online Marketing Classroom can help you take control of your life and work your own hours while generating a continuous income stream.

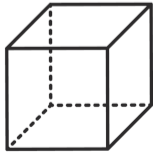

The new online business marketing strategies course features instant access to 6 business labs, 40 live workshops, and 45 digital marketing tutorials.

Crucial Constructs offers Online Marketing Classroom as part of its suite of best-in-class business development and marketing programs.

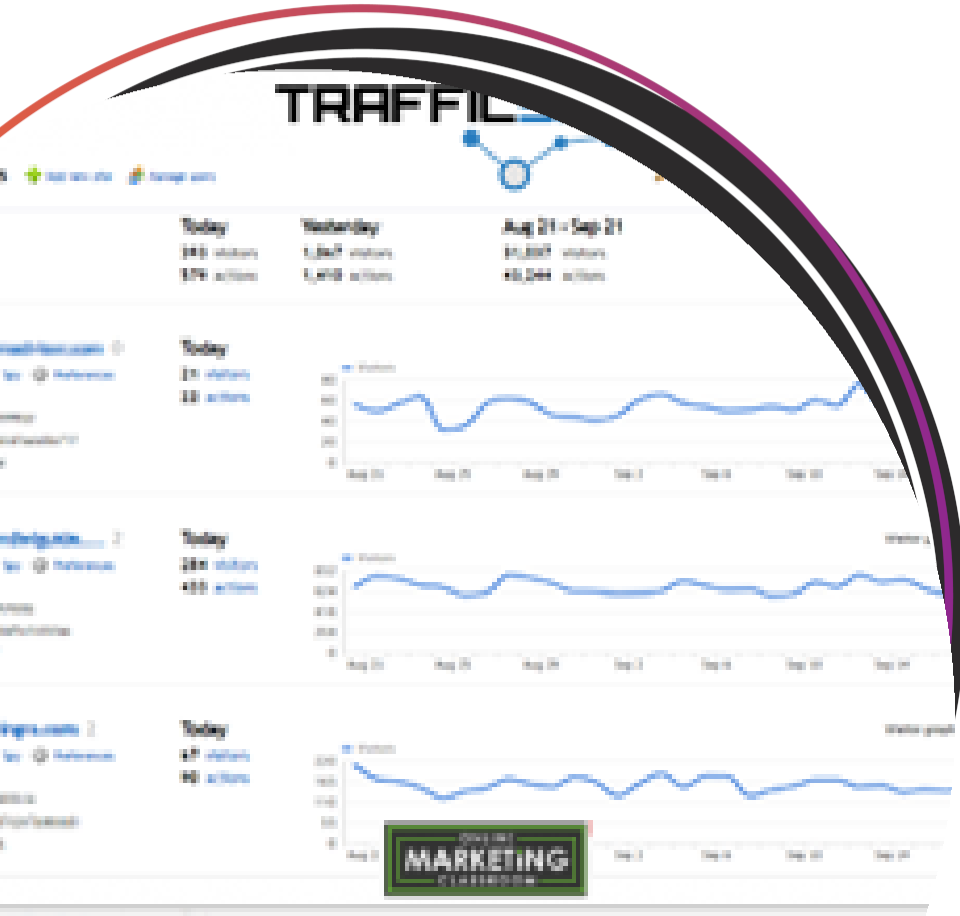

Online Marketing Classroom offers application-focused learning resources designed to help you quickly set up and manage a successful eCommerce business.

You will learn how to select and build an online business, understand online product launches, search engine marketing methods, and efficient cash flow management.

Online Marketing Classroom features 9 weeks of training content you can access instantly.

The case study covers all areas of store marketing including design, lead capture, sales funnels, viral content, product selection, digital products, and crowdfunding campaign management.

Online Marketing Classroom includes access to a suite of industry-leading marketing and analytics tools.

Crucial Constructs is a full-cycle digital marketing company that delivers next-generation online marketing solutions through websites, online stores, email, and other channels.
